

WITT

Multi-Logo Advertising Panel

Generate advertising revenue for your organization with your Witt Custom Logo Waste Receptacles and Recycling Containers

The durability and functionality of your high-quality custom logo receptacles and your brand identity offer an ideal paid advertising platform to benefit your organization financially.

Customers have utilized the Witt Custom Logo Message Center option as an effective avenue to pay for the initial capital investment of purchasing new waste receptacles and recycling containers. In the following fiscal years, revenue is generated to offset annual facility management expenses, leveraging the lifetime value delivered through the Witt Industries built-to-last manufacturing process.

The Witt Custom Logo Message Center feature provides fully customized advertising panels:

- Available on both sides of the waste receptacle and recycling container
- Easy-to-change, insertable panels to prominently display sponsorship logos or custom messages
- Ability to match the colors of your advertisers' brand to generate a high contrast image against a solid background
- Available only in the 35, 46, and 55-gallon capacity product line
